

FOOD HUB VISIONING DAY MAY 2017

THE VISION

[This] is a flourishing place to co-create and connect to a local food system. This is secure, sustainable, healthy and fair.

[This place] will reflect and celebrate intercultural diversity, where all are welcome and included for generations to come.

OBJECTIVES

1. To inspire and break new ground in the collaborative stewardship of a transformative and innovative food hubs
2. To establish an inclusive and equitable place for many groups and organisations to grow, share, make, learn about and eat healthy and fair food
3. To support and incubate a growing diversity of local food enterprises and social businesses
